Please inform your child that this is the only day they may bring an item from home to school. I would like for it to be kept in your child's backpack until share time so that it may be a surprise to others. It does not necessarily have to be an item from home. They can also share a story, sing a song, or just tell us a little something about themselves.

They will learn to say,

“Today I brought to share with you is my ...”

“I like it because...”

“Are there any questions or comments?”

Thank you!
